Layout sketch

# Entrance Arch with gated community

Entrance Arch with Gated Community: It's containing strictly controlled entrances for pedestrians, bicycles, and automobiles also safeguard from surroundings.

# Children's park

Children's park: A well-designed play area for kids with playground equipment, swings, slides, and open space for them to run and play.

# Walking track & outdoor Gym

Walking track & Outdoor Gym : it help residents develop more regular walking routines, as well as offer alternative environments that are safe and improving physical health.

# Beautiful Paintings

Beautiful Paintings : Allows people to explore the natural world, create more profound meaning for themselves, and connect people through understanding and viewing their artwork.

# BlackTop Road

**Black Top road:** A well-maintained road infrastructure that is suitable for driving and commuting, providing smooth connectivity within the project.

**Street lights:** Sufficient and strategically placed street lights to ensure adequate illumination throughout the real estate project, enhancing safety and security for residents and visitors.

## Individual Water line & Underground Drainage system

Underground drainage: A modern and efficient underground drainage system that ensures disposal of wastewater and promotes a clean and hygienic living environment for residents.

# Fully compound wall

Fully Compound Wall: It's acts as the first line of defence against intruders. It helps to demarcate the boundaries of the property and protects the site and home from animals, thieves, and others.

# SIVALAKSHMI NAGAR
